

Larissa Stevens
Communications and Social Media

Larissa Stevens holds a BSc. in Water Resource Science and an MSc. in Geology from Lakehead University. She has over a decade of experience as an environmental scientist in Northwestern Ontario. From 2018 to 2021, she acted as Indigenous Consultation Advisor and Coordinator on the proponent team for the Marten Falls Community Access Road Project environmental assessment. In 2021, she won the Northern Ontario Business, Young Entrepreneur of the Year Award for her business LBS Environmental Consulting Inc. Currently, she works as a Mineral Exploration and Development Consultant for the Ministry of Northern Development, Mines, Natural Resources and Forestry in Thunder Bay. In the past, Larissa served one term as a WIM NWO board member and has volunteered at Mining Day BBQs. Larissa spends most of her free time outdoors camping and hiking or watching her boys play baseball and hockey.
