

**Women in Mining - Northwestern Ontario
Northwestern Ontario Mining Scholarship Application**

WIM - NWO strives to provide a supportive network that promotes the advancement of women in their mineral and mining careers by raising awareness of challenges faced by women, advocating for diversity, and supporting exploration and mine development in the region. Each year we host a series of networking events in Thunder Bay and plan to expand our reach within the region. In addition to networking events, we fund raise to give annual scholarships to support students working towards a career in the exploration and mining industry. For more information about our organization, please visit our website at www.wimnwo.com.

To apply, please send us some information about yourself, answering the following questions:

Surname:
